

# International Donor Registry Conference (IDRC) 2023

## Scientific Programme

Day 1: Sunday 18th June 2023

Patient registry – trends in donor selection & registry operations

Time	Topic	Speaker/Moderator
08:30-08:55	Welcome	Elke Neujahr Alexander Schmidt Matthew Seftel
	<b><i>New approaches to expand access to care</i></b>	Guy Parkes Dunia Jawdat
08:55-09:30	The future of mismatched unrelated donor therapies and how these therapies aim to expand access to care	Bronwen Shaw
09:30-10:10	Focusing on mismatched cord blood units	Madeline Powys
10:10-10:30	Discussion and questions	Guy Parkes Dunia Jawdat
10:30-11:00	Break	
	<b><i>Selecting the best suitable stem cell source for transplant: opportunities &amp; challenges</i></b>	Jaap Dijkman Mike McCullough
11:00-11:30	Beyond HLA: what non-HLA characteristics are being considered in practice in stem source selection today	David Allan
11:30-12:00	Family search – select a young unrelated donor vs an older, related donor	Nicolaus Kröger
12:00-12:30	Optimizing Transplant Source Selection: Benefits and Challenges of Predictive Models – what is the impact on donor recruitment	Martin Maiers
12:30-13:30	Lunch	
	<b><i>From Science to Practice – time is of essence: so what's the hold-up? How can we hasten the time from diagnosis to transplantation?</i></b>	Julia Pingel Matti Korhonen
13:30-14:00	When to start an unrelated donor search – ASAP study result	Martin Bornhäuser
14:00-14:20	Backup Donors: Balancing patient care with donor experience	Ingrid Tistl Abby Martfeld

14:20-14:45	Interactive session on local barriers in healthcare around the world	Julia Pingel Anette Giani Nicola Alderson
14:45-15:15	Break	
	<b>Abstract session – 6 presentations</b>	Lydia Foeken Matthew Seftel
15:15-15:30	Abstract 1 <i>Designing Effective Tiktoks in Public Health: Perspectives of Eligible Potential Stem Cell Donors on Donor Recruitment Tiktoks' Utility, Content and Design</i>	Warren Fingrut
15:30-15:45	Abstract 2 <i>Role of Electrophoresis for Donor Clearance</i>	Burkhardt Schleipen
15:45-16:00	Abstract 3 <i>Shorter donor telomere length is related to poor peripheral blood stem cell mobilization by granulocyte colony-stimulating factor-a pilot study</i>	Shang-Hsien Yang
16:00-16:15	Abstract 4 <i>Establishing Reference Intervals for Umbilical Cord Blood Haematological Parameters in NHS Cord Blood Bank</i>	Ying Li
16:15-16:30	Abstract 5 <i>Donor status clean-up through a digital health check aiming an increased availability in the Swiss registry</i>	Maya Mezzera
16:30-16:45	Abstract 6 <i>WMDA recommendations for management of post-transplant genetic findings of potential donor origin</i>	Angharad Pryce
16:45-17:30	<b>Shirley Nolan Lecture</b>	Henny Braund Alejandro Madrigal

Day 2: Monday 19th June 2023

Donor Registry – can we as community improve donor care

Time	Topic	Speaker/Moderator
	<b>Collection Centre – experience of operating an own collection centre</b>	Garth Healey Amy Ronneberg
08:30-08:45	Gift of Life - Challenges and benefits in setting up a collection centre (logistics & staffing)	Dee Woodley Richaele Nichiporenko
08:45-09:00	Matchis - Organising collections in a private hospital	Jaap Dijkman
09:00-09:15	Operating your own collection centre is not feasible	Halvard Bönig
09:15-09:30	Questions and Answers	Garth Healey Amy Ronneberg
	<b>20 years of SEAR and SPEAR reporting</b>	Thilo Mengling Bronwen Shaw
09:30-09:50	How it all started, where are we today and what is the future?	Thilo Mengling
09:50-10:10	The most interesting reports	Mirjam Fechter
10:10-10:30	Questions & Answer	Rachel Pawson
	<b>Volunteer donors providing cells for innovative therapies beyond HSCT</b>	Joannis Mytilineos
11:00-12:30	Cellular Therapy	TBD
12:30-13:30	Lunch	
	<b>Strategies on donor engagement and retention, what's working and what's not?</b>	Ann O'Leary Oliver Kürsteiner
13:30-14:00	Behavioral insights for bone marrow and stem cell donation, parallel and differences with blood donation	Lisa S. Moussaoui
14:00-14:30	The role of race, ethnicity and culture in donation-related decisions	Galen Switzer
14:30-15:00	Increasing availability through online donor recruitment and retention	Erica Jensen
15:00-15:30	Break	
	<b>Cryopreservation as an innovation driver – registry perspective in 2023</b>	Matthew Seftel
15:30-15:50	Donor Side	Deborah Buk
15:50-16:10	Patient Side	Meghann Cody
16.10-16:30	Biobanking	Jay Feinberg
16:30-16:50	Clinical perspective	Rachel Pawson
17:00-17:30	Closure	Matthew Seftel Elke Neujahr
17:30-19:30	Poster session in the exhibition area	

13<sup>th</sup> International Donor Registry Conference  
WMDA Global Meeting  
Engage and Empower for Excellence

Frankfurt (Hanau), 18-21 June 2023
